

10.4" LCD

## MONITOR FEATURES

The FD104CV 10.4-inch LCD is the perfect display for bulkhead mounting where space is at a premium. It has a small mounting area with the minimum of interface equipment required

- Built for retrofit installation with a compact metal enclosure for increased flexibility
- No expensive switching required, 3 inputs included
- VGA for the Flight Display Moving Map and computer graphics
- 1 composite/1 S-Video input for DVD, Glareshield camera, and more
- Button controls on unit or use included IR remote to switch video source, adjust settings, etc.
- Extremely wide viewing angle allows multiple passengers to watch same monitor
- Anti glare, scratch resistant Lexan enhances viewing experience and protects LCD
- Crystal clear LCD with industry leading brightness
