

WIDESCREEN MOTORIZED LCD LIFTS

MOTORIZED LIFT FEATURES

Designed for retrofit installation in a credenza or table top

- Monitor can be adjusted vertically up to an inch to be flush with the top of the credenza or tabletop
- Remote switch (not included) allows the monitor to be raised and lowered from any location in the aircraft
- Extremely rugged motor lifts and lowers monitor smoothly over countless cycles
- Lift and monitor both operate on 28V DC power
- Monitor can be manually retracted by pressing down on the top of the unit until completely stowed
- Monitor and mount included
